**OBJECTIVE:** To incorporate engineering knowledge and physics theories with accident reconstruction principles to evaluate and analyze data.

**PROFESSIONAL EXPERIENCE:**

- The Crash Lab, Inc., Accident Reconstructionist, June, 2002-present
- The Accreditation Commission for Traffic Accident Reconstruction, Accredited Traffic Accident Reconstructionist, **ACTAR #1394**, effective June 20, 2003
- Recognized Expert to give testimony before Federal and States Courts
- Preparation of Collision Reconstruction for Counsel in Civil and Criminal Litigation, ~ 50/50% Civil Plaintiff/Defendant case ratio
- Board of Directors, Accreditation Commission for Traffic Accident Reconstruction, (**ACTAR**)
- Treasurer, Board of Directors, Member, National Association of Professional Accident Reconstruction Specialists, Inc., (**NAPARS**)
- Member, Society of Automotive Engineers (**SAE**), current
- SAE Accident Investigation / Reconstruction Practices (**AIRP**) Standards Committee, April 2006-July 2011
- Member, Strafford County Regional Accident Reconstruction Team (**SCRART**), February 2008-September 2013
- National Institute for Automotive Service Excellence (**ASE**), Certified Automobile Technician, December 2002-June 2008 and May 2011-present
- State of Maine, Department of Public Safety, Licensed Private Investigator, current

**TRAFFIC COLLISION RECONSTRUCTION INSTRUCTOR:**

- Instructor, Applied Physics in Accident Reconstruction, University of North Florida, IPTM: London, OH, **August 2006**
- Instructor, CDR Technician Course, Hampton, NH, **April 2007**
- Instructor, CDR Technician Course, Hampton, NH, **February 2008**
- Co-Instructor, Total Station Operation, Somersworth, NH, **April 2008**
- Instructor, Nighttime Visibility and Light Testing, Farmington, NH, **February 2009**
- Assistant, Forensic Mapping and MapScenes Evidence Recorder 7, Dover, NH, **April 2010**
- Instructor, CDR Technician Course, Hampton, NH, **February 2011**
- Instructor, CDR System Operators Course, Stratham, NH, **June 2011**
- Co-Instructor, Advanced Reconstruction with CDR Data, Alfred, ME, **November, 2011**
